

# DRAFT AGENDA

## 1<sup>st</sup> Annual Forum

### 01/03/2019

**Project:** DAREnet – Danube River Region Resilience Exchange network.  
H2020- SEC-21–GM-2016/2017

**Venue:** Budapest, Hungary. Venue will be announced soon

**Registration:** will be open in January 2019

DAREnet kindly invites to its 1<sup>st</sup> Annual Forum. In this forum, we will present the DAREnet Research, Development and Innovation roadmap for the Danube river region. The roadmap is the result of important RDI requirements and gaps in the field of flood management, deriving from a broad practitioner/expert dialogue and the regular consultation of competent national disaster management authorities. The Roadmap aims at shaping future research and innovation policies for the Danube region and the research programmes implementing them.

### Preliminary Agenda

Thursday, 28 February 2019
